

# COSHH RISK ASSESSMENT

## Bactericidal Hand Soap (5 litre)

Product Code: BK170-5

PROCESS STAGE	POTENTIAL RISK	CONTROL MEASURES	ACTION REQUIRED
<b>DELIVERY</b>			
Packed in 5 litre containers, in cardboard boxes. Product is supplied ready to use through a suitable dispenser.	Risk of spillage if the container is dropped. Risk of injury to user if dropped.	If manually handling, then trained employees should handle only single container at any given time. Take care not to drop the containers. Ensure that the caps are secure at all times.	Transfer container to store immediately following delivery. Do not leave containers in areas where users of the building will come in to contact with them.
<b>STORAGE</b>			
Store at moderate temperatures in dry, well ventilated area. Keep in original container.	Minimal risk of slippery floors through spillage if packs are damaged on receipt.	Avoid extremes of temperature. Store away from oxidising materials.	Use oldest stock first. Make regular checks to ensure that storage area is clean and tidy. Make regular checks to ensure that containers are not split or blown.
<b>USAGE</b>			
Use via dispensing system.	Minimal risk of eye contact. Minimal risk of spillage.	Always read manufacturers 'How to Use' instructions prior to use.	Provide dispensers and 'How to Use' information.
<b>DISPOSAL</b>			
Empty containers must be rinsed thoroughly and disposed of as normal waste. Residual stocks may be disposed of into a foul sewer (sluice) using plenty of water. Recycle all containers wherever facilities are available.	Minimal risk of eye or skin contact.	No risks identified. Wash spills to foul drain with plenty of water.	Cosmetic product, PPE not required.
