

COSHH RISK ASSESSMENT

Jangro Professional Antiviral Hand Soap (500ml)

Product Code: BK175-50

PROCESS STAGE	POTENTIAL RISK	CONTROL MEASURES	ACTION REQUIRED
DELIVERY			
Packaged in 6 x 500ml bottles in a cardboard carton.	Risk of spillage if the container is dropped. Risk of injury to user if dropped.	Trained employees should handle only single containers at any given time. Take care not to drop the containers. Ensure that the cap is always secure.	Transfer container to store immediately following delivery. Do not leave containers in areas where users of the building will come into contact with them.
STORAGE			
Containers must be stored upright in a cool, well ventilated, dry storage area. Product must be kept stored in its original container.	Minimal risk of spillage if bottle cap is firmly in place. Caps are not child proof.	Restrict access to storage areas to authorised personnel. Keep the store well ventilated. Clear up spills immediately. Ensure that product is stored away from substances that contain oxidising agents.	Store containers so their labels face forward. Use oldest stock first. Make regular checks to ensure that bottles are not split or blown/damaged.
USAGE			
Use via a dispensing system. Wet hands. Apply undiluted. Spread over hands and forearms. Rub hands together paying special attention to cuticles and between fingers. Rinse in clean water and dry hands thoroughly.	Minimal risk of eye contact when used as directed.	Handle the containers with care. Ensure that the container is returned to store when not in use. Always read the manufacturer's instructions prior to use.	Provide dispensers and 'How to Use' information.
DISPOSAL			
Empty containers must be rinsed thoroughly and disposed of as normal waste. Residual stocks may be disposed of into a foul sewer (sluice) using plenty of water. Recycle all containers wherever facilities are available.	Small risk of eye contact.	No risks identified. Wash spills to foul drain with plenty of water.	Cosmetic product, PPE not required.
